Walk To The Gallows

Night and day are getting shorter
My death is coming soon
The cords are dangling at the gallows
Tomorrow I will dangle too. YEAH

Tortured and hated by the king
Nobilities spitting in my face
The farmers must be hungry
Out for justice till the end

Chorus:

Walk to the gallows, death to the heroes
Walk to the gallows, death to the heroes
Walk to the gallows, death to the heroes
Walk to the gallows, death to the heroes

Tomorrow I'll be executed
But new heroes will grow up fast
The farmer's sons are full of hate
They'll choose their leaders soon. YEAH

My body will decay quickly
But my spirit will survive
It will live in the hearts of the suppressed
Injustice and agony will come again

Chorus:

Walk to the gallows, death to the heroes...
